### Source Analysis-

Mercury News : 50%  
Washington Post: 60%  
Washington Post: 90%  
Politifact: 60% (Tweets)  
Twitter: 40% (Tweets)

#### Tweets:

The Tweets are directly stated by the President, therefore making it a valid primary source. We want to analyze how language is used in the social media, specifically Twitter. President Trump voices many of his opinions on social media making it a viable source. Tweets are a non-traditional text type that allow us to analyze a different form of language.

#### Washington Post:

This text for the Washington Post is a personal anecdote of an individual who was a dreamer and was deported. Through the story we can analyze and see the effect of the Trump Administration on the DACA program. This source provides a counter argument for the issue and a different perspective.

#### Mercury News:

The political cartoons analyzes the rhetorical use of words to demonstrate the criticisms against Trump and his administration. The cartoons illustrate the DACA dreamers and their own perspectives against the administration. The political cartoons highlight the different persuasive techniques to show to the public in order to demonstrate the strong and assertive impact of the dreamers.
